

# Are you terminating multi-pair cables on Krone blocks?

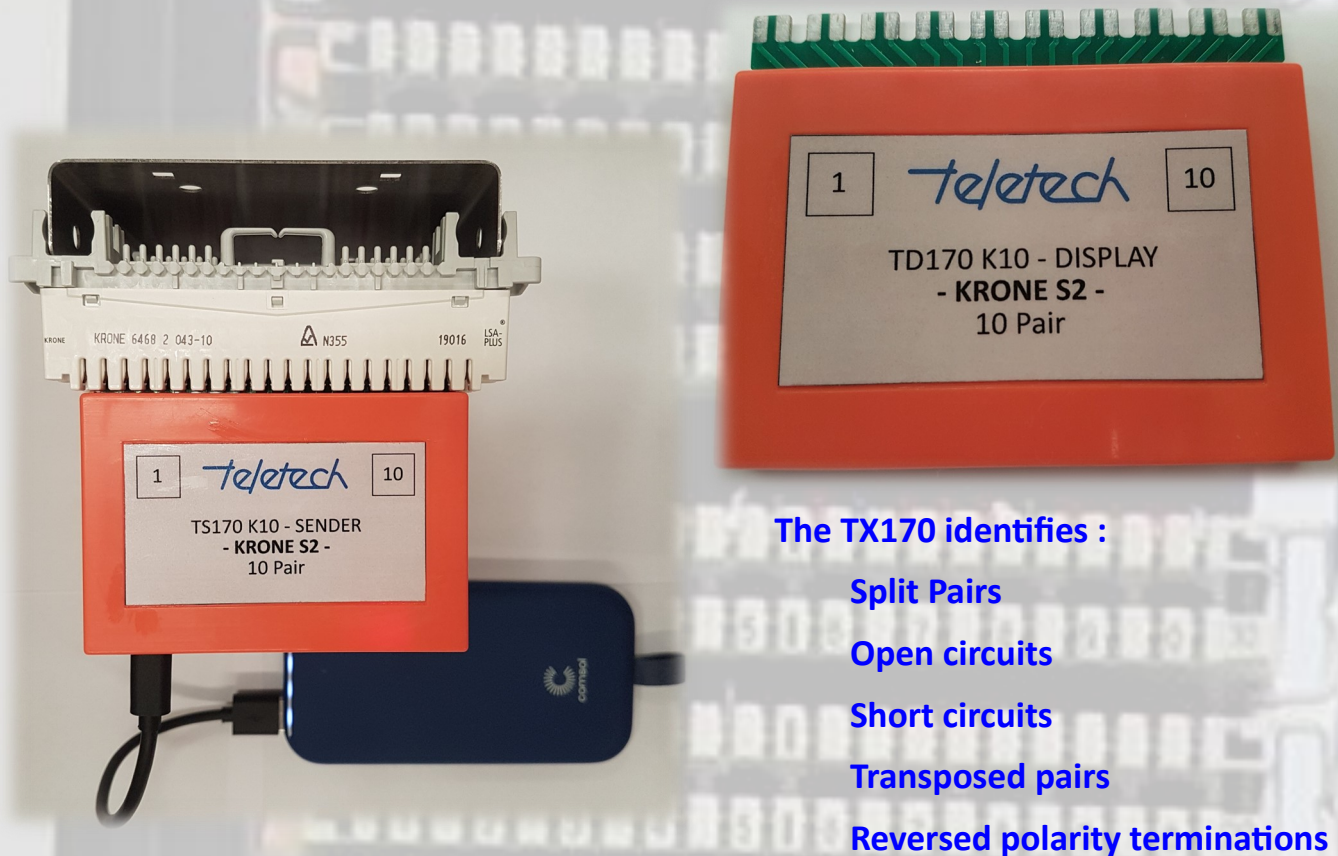

You need the

# WIZARD170

● ULTIMATE FAST CABLE CHECKER

Check a 10-pair Krone block termination in less than a minute.

The TX170 is a modern replacement for *The Little Wizard*.

The TX170 identifies :

Split Pairs

Open circuits

Short circuits

Transposed pairs

Reversed polarity terminations

The Teletech Wizard170 - (TX170 kit) consists of:

**Sender** unit which is connected at one end of the cable;

**Display** unit which is terminated at the other end.

The Sender can be powered by most USB Power Banks.

The Display receives its power from the Sender.

Colour-coded LEDs simplify fault finding. Finds faults on all pairs.

Compact slim-line case.

Also available for many other terminating blocks (Siemens/Corning, Quante, Krone HD180 etc)

Teletech Pty Ltd, Unit 8, 2 Apollo Court, Blackburn VIC 3130
